* This is the minimum. The average contribution is around \$300 per year. Your contribution goes to our Club's Foundation (SBRCF). This money is used to fund our Club's projects that include both international and community programs as well as grants from our Club to charitable organizations through a grant process. SBRCF also makes an annual contribution to the Rotary International Foundation. Your donation to SBRCF is tax deductible. To learn more about SBRCF see our website at www.santabarbararotary.com.

Other factors that could change costs are:

1. If you do a "make up" at another club and report the make up to our Club Secretary, your meal charge at our Club for that day will be taken off your bill. Some meals served at other clubs while "making up a meeting" are less expensive.
2. Some party dinners could be more expensive. We occasionally charge a small extra amount for special event meals.
3. Some members may wish to contribute more to the Rotary Charitable Foundation through punches on their "Big Wheel Credit Card."
4. There are 3 or 4 Friday's each year when we do not have our regular meeting due to holidays. Examples include Christmas, New Years, 4th of July and Thanksgiving. You are not charged for lunch on these "dark" days.
